The paradox of abundance

Over 800 million people go hungry each day. Yet the world produces over 4 billion tonnes of food, and we only need 3.7 billion tonnes to feed everyone. From all this food produced, a third is wasted. St John Paul II called this 'the paradox of abundance.' Clearly the current global food system is not working. But as Pope Francis said, "Each of us has a role to play in transforming food systems for the benefit of people and the planet." Let's respond to his call! CAFOD's new campaign is called Fix the Food System. See www.cafod.org.uk/food for more information, including an invitation for parish groups to learn about the impact of our food with our *Fix the Food System: a 7-station journey* resource.

Turning Tides' Big Summer SleepOut is back!

Make a stand against homelessness on Saturday 18th June.

Spend one night under the stars at Worthing Football Club and raise awareness of the growing number of people who have nowhere to call home.

Last year, Turning Tides supported over 900 people experiencing homelessness across West Sussex. Help support your local charity who are determined that no one should go through the trauma of homelessness alone. The event costs £20 to enter and participants must be 16 and over. Those between the ages of 16-18 will need to be accompanied by an adult.
